Of course, once you use your card, you'll want to make payments on time to avoid late fees. Here's everything you need to know about your options for making a Victoria's Secret credit card payment. For a quick and convenient way to pay your bill, you can make your payment through the online portal. Here are the steps you'll need to take: Navigate to the login page for the Victoria's Secret credit card or the Victoria's Secret Mastercard. If you are new to paying online, register for online account access first. Select "Register Now" and provide your credit card number, your ZIP code and the last four digits of your Social Security number. Once you have online access, you can log in to your account using the username and password you selected. Click the "Sign In" button near the top of the login page to get started. Have your checking account number and bank routing number ready, and follow the prompts to make a payment. Note that it may take up to two business days for the funds to be withdrawn from your bank account. As long as you make your payment online before 5 p.m. EST on the due date, you won't be charged a late fee. You can also pay your Victoria's Secret credit card online through Comenity's EasyPay system. This system is similar to the regular method of paying online, except you don't have to register for online account access. Here's how: Navigate to the login page for your Victoria's Secret card, but instead of signing in or registering, click the "EasyPay" button on the banner located at the top of the page. Enter your credit card account number and ZIP code and verify your identity with the last four digits of your Social Security number. Follow the prompts to make the payment. EasyPay is convenient when you're in a hurry, but keep in mind that you won't be able to see information about your account through this system. Instead, it just allows you quick access to make a payment. You can also mail in a check or money order to make your payment. Include your payment coupon with your payment.
